Perhaps Consignment to one of our Auctions or Mail Sales?

We consistently get great prices for our consignors because of our serious attention to detail when preparing your material for our sales. Our award-winning catalogues feature full-color illustrations, and well-

written and researched descriptions. (Research: in 2007 no one used the American Philatelic Research Library more than we did!)

Take your choice! We will buy your collection outright for top dollar, arrange for its sale via Private Treaty, or place it on consignment into one of our great auctions. No matter what, Michael Rogers Inc. is the only place to sell your properties!

Buylist updates can be found on our website.

Have You Airpost Stamps & Flights for Sale?

We have been established for many years and are well known as Specialists for Airmail stamps and postal history. We crave errors, varieties & unlisted material to 1965.

If you are thinking of selling your collection or any worthwhile singles, sets or duplicates please ship immediately with your phone number or email. You can be sure of the utmost courtesy and good prices.

Material other than Airposts is seriously considered and we are always prepared to travel to view important properties. We also accept consignments for public auction.

August 2011

We buy China/Asia for our retail clientele. Multiples and sheets are most welcome. In terms of price, we are positioned to pay a higher price than dealers who wholesale their purchases. In terms of selection, we buy across the board not just the "hot" material. *send the entire collection or accumulation* and we will make a fair, immediate offer for anything not on this buylist. We will meet or beat any legitimate United States based buying price. We publish prices in order to indicate our strong needs and ability to pay a fair, immediate price. We buy until our needs are met.
